Vehicle ID (VIN):	«VIN»

Dear «COMPANYNAME»«FIRST NAME»

Mitsubishi Motors Australia (MMAL) is conducting a safety recall to rectify an issue with your ZM Outlander.

The MI-PILOT function, when being used, may stop along with a system failure warning, or the hands-off warning may not be displayed even when the driver takes their hands off the steering wheel.

If the MI-PILOT system does not operate as intended it increases the risk of an accident, potentially causing **serious injury or even result in death** to anyone located in the vehicle, or other road users. For this reason, please do not use the MI-PILOT feature until this repair has been completed.

Your safety is our priority, and we ask you to **urgently contact your nearest Mitsubishi Motors Dealer** to **make a booking** and have the steering wheel replaced **at no cost to you** (The QR code below will assist you in locating your nearest dealer). The repair should take less than two hours, and we apologise for the inconvenience this may cause.

An appointment booking at a Mitsubishi Motors Dealer is required to complete this recall as parts for your vehicle have to be ordered and be on hand for the appointment.

Yours faithfully
Mitsubishi Motors Australia Limited

Jeff Martin
General Manager – National Field Support

Mitsubishi Dealer Locator

For questions or assistance

To find your nearest Mitsubishi Motors Dealer scan the QR code above, or call 1800 931 811, select Option 1 and enter your postcode. Alternatively, a full list of dealers is available at - **mit.si/service-centres**.
