General Letter GL-06-038

To: **Dealer Principals**
cc: **Service Managers, Fleet Managers, Sales Managers**

Subject: **Dealer Audits**

Dealer Audits are intended to ensure that Dealers correctly follow MMAL Policy and Procedures and to encourage the use of Industry Best Practice. Dealer audits can be conducted in a number of business areas within the Dealership. These will usually be business areas which submit claims electronically to MMAL and where automated systems are used to reimburse Dealers. This includes (but is not limited to) Warranty Claims, Fleet Claims and Incentive Claims.

Audits can fall into two categories:

- A "Formal" Audit, conducted by the Dealer Audit Group following written advice, or
- A documentation review, usually conducted by MMAL Regional staff as part of their regular visits.

Formal Audits are conducted in accordance with the "Formal Dealer Audit Process", a copy of which is attached for your reference. Also attached for your reference is a copy of the Warranty Audit Guidelines that will be applied to Audits from December 4th 2006.

Yours sincerely,
