love that car

September 2011

General Letter GL-11-23

To: **Dealer Principals, Sales Managers, Service Managers, Stock Controllers**

Subject: **Changes to the Service and Warranty Booklet for 11MY 4WD and Commercial vehicles (part number AU900078).**

This correspondence is to advise that the coolant change interval on 11M/Y Vehicles with a cast iron block diesel engine (4M4 and 4D5) has been revised from 4 years / 60,000km to 3 years / 45,000 km.

Accordingly the Service and Warranty booklet for 11 M/Y 4WD and Commercial vehicle s (Part Number AU900078) will require addendum stickers to be inserted by the dealer. This will affect vehicles in stock and vehicles coming from POE until 12 MY vehicles arrive. 12 MY Service and Warranty Booklet Part number AU900204 has been revised.

Vehicles not delivered should be corrected immediately, but the booklet must be checked during the customer hand over process to ensure the correct addendum sticker is fitted for that vehicle type.

Vehicles already delivered to customers should be corrected at the first service opportunity or contact.

An initial quantity of addendums will be provided to Dealers. Additional requirements can be ordered from LAMP (refer to the below for part numbers).

Service and Warranty Booklet AU900078 Addendum Part Numbers		
Vehicle type	**Affected Page**	**Addendum Number**
Rear Wheel Drive Diesel	32	AU900252
4 Wheel drive Diesel	28	AU900253

Your assistance in this matter is anticipated and appreciated
Yours sincerely,
Mitsubishi Motors Australia Limited

D. R. Budden
National Service Manager

Procedure to Correct Service and Warranty Booklet AU900078

The Addendums will need to be placed over the original page(s) in the booklet.
This is to be done by using the inside corner of the page to be replaced as a reference.
#1. Make a parallel mark 10 mm from the top edge
#2. Make a parallel mark 10 mm from the inside edge.
#3. Check the correct addendum part number being inserted into the Service and Warranty Booklet is correct to the customer vehicle type.
#4. Peel the sticker from backing and carefully locate the top inside corner onto the booklet ensuring it is parallel to the edges and then lay down over current page using a diagonally motion, smooth out to prevent bubbles.

Left hand side pages for the Regular Service Table for all vehicles.

Example

REGULAR SERVICE TABLE — 4 Wheel Drive Diesel

Existing page to be covered by addendum sticker
