September 24 2012

General Letter GL-12-018

To: Dealer Principals, Sales and Service Managers, Stock Controllers

Subject: Service and Warranty Book Change – Revised Warranty Statements

---

As a result of the change to the Mitsubishi Motors Australia Ltd Manufacturer's Warranty to 5 years/130,000km (whichever occurs first), Dealers are required to change the Service and Warranty Book in all vehicles not eligible for the 10/5 warranty that are delivered from October 1st 2012.

The new Service and Warranty books include revised warranty statements and changes to service schedules on some models and are being installed at POE as a running change in September 2012.

In addition to part number changes, the colour of the book cover has been changed from predominantly black to predominantly grey for easy identification.

An initial quantity of Service and Warranty booklets will be provided to Dealers based on current unsold vehicle stock numbers. Additional requirements can be ordered via email to: techsupport@mmal.com.au

Please refer to the table on page 2 of this correspondence for applicable part numbers.
In addition, the Diamond Advantage book has been discontinued and should be removed from all vehicles that are not eligible for the 10/5 warranty delivered from October 1st.

Dealer Action Required

1. Check all vehicles in Dealer stock and replace old condition Service and Warranty books with revised books supplied by MMAL for all vehicles that are not eligible for the 10/5 warranty.
2. Destroy all old books immediately after replacement.
3. Remove the Diamond Advantage book from all vehicles in Dealer stock and destroy the books.
4. Implement a process to confirm that the correct Service and Warranty book is provided with all vehicles delivered to customers on or after October 1st 2012.

Your assistance in this matter is anticipated and appreciated.

Yours sincerely

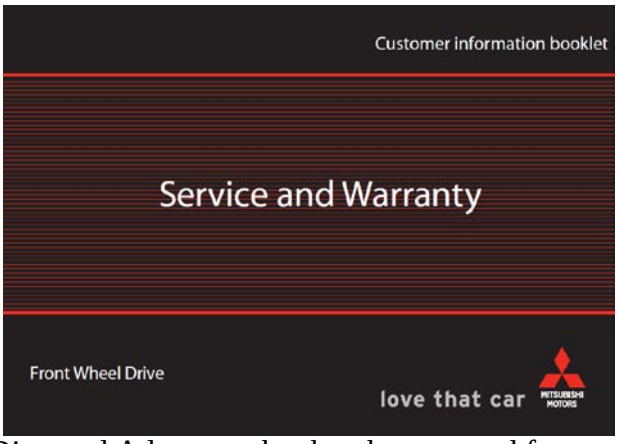

Paul Unerkov
Vice President – Customer and Brand Management
