September 2016

General Letter GL-16-043

To: ***Warranty Managers, Service Managers (cc Dealer Principals)***

Subject ***Warranty Administration Change Notification.***

This General Letter is being issued to inform Dealers of changes to MMAL's Warranty Administration structure. These changes are all effective immediately.

Internally, our focus will move towards greater warranty training and improving first time capability of warranty claim submission and processing.

To that end, MMAL is excited to announce the imminent commencement of a project to enhance the Warranty processing system in SAP. This will include the dealer warranty interface to improve the efficiency and accuracy of claim lodgement. This is a major investment by MMAL and we expect it to be fully operational by March 2017.

For all field issues, please continue to contact your Field Service representatives. A summary of important changes are as follows:

- MMAL has appointed Chris Read as Manager – Warranty Service and Improvement. This role will come under the responsibility of Dealer Improvement & Customer Care and is part of MMAL's push for greater training. A full training curriculum will be established for development of Warranty Administrators and Dealer staff.
- The function and responsibility of Warranty Administration has moved to the Accounting Department.
- MMAL has established a project team to address all current issues as well as project manage the SAP enhancement project. To ensure all issues are fully documented dealers are requested to lodge all warranty administration issues via the existing email address: warrantyadmin@mmal.com.au.
- Consequently, the Mitsubishi Warranty Phone Hotline has been disconnected. To ensure efficient processing of dealer queries via this email address, dealers are requested that as a minimum any email correspondence conforms to the requirements of Warranty Bulletin WIB-2014-04.

It is also pertinent at this time to also request dealers to check the dealer portal for bulletins issued that may address their concern. Communication via this email address should always be used as a last resort.

Please support the new team as they work to address all issues in a timely manner. Thank you for your understanding on the above matters.

Yours sincerely,
Mitsubishi Motors Australia Limited

Masayuki Shibuya
Director, Aftersales & Services
