General Letter GL-17-019

To: ***Service Managers (cc Dealer Principals, Service Foreperson)***

Subject **Paid mapping updates for vehicles fitted with 2nd generation MMCS units**

This General Letter is being issued to Dealers to advise of the implementation of a paid map update procedure for vehicles which fall outside of the "MapCare" program. This applies to vehicles fitted with the Second Generation MMCS unit (with SD card type map and software storage) – To check if the vehicle is applicable, please login to the HERE Maps doc website (using your previously provided login details) and enter the vehicle VIN in the "Map Updates" tab.

Up until now, mapping updates for vehicles fitted with the Second Generation MMCS have only been available to vehicles covered by the "MapCare" program (2 Free map updates within the first 3 years of vehicle delivery). MMAL have now negotiated paid mapping updates for vehicles that fall outside of this program.

The update process will still utilise the HERE Maps doc website, however there will now be an added tab on the landing page titled "Order a product". Once you have confirmed that the vehicle falls outside of the "MapCare" program by entering the vehicle VIN in the "MapCare" tab, you can select the "Order a product" tab to purchase an activation code and allow the update to occur.

The cost of each update (activation code generated) billed to your dealership will be $85.50 USD (approximately $114 AUD at the time of publishing) and will be invoiced directly from HERE Maps on a monthly basis. **Payments made to HERE Maps will be strictly within fifteen (15) days from the date of invoice, for the full amount owing – Interest will be charged on any overdue amounts and may lead to deactivation of the dealer's login (Refer to conditions of use below).**

Conditions of use:

(a) The payment terms under and the right of HERE to disable access and that the disabling of access will suspend access to both Single Map Updates and MapCare updates.
(b) The statement that the Dealer Master Kits and HERE Materials are provided "as is" and HERE expressly disclaims any implied warranties or conditions of any kind, including any warranty or condition of quality, performance, merchantability, fitness for a particular purpose or non-infringement and does not warrant, guarantee or make any representations regarding the use, or the results of use of the Dealer Master Kits or HERE Materials in terms of correctness, accuracy, reliability or otherwise.
(c) The statement that the remedies available to Authorised Dealer(s) are limited exclusively to correction of services or materials, or if such correction is not possible or impractical, to refund of the fees.
(d) The statement that the liability of HERE shall be limited to direct damages only. Liability for any other damages such as indirect, special, incidental, consequential or punitive damages are excluded.

Please note:
1: The information contained in this document is CONFIDENTIAL and intended for Mitsubishi Dealer use only. It must not be provided to third parties. 2: This General Letter forms part of the Service Procedure Manual

(e) The statement that by placing an order for Single Map Updates, Authorised Dealer(s) agree to be bound by the terms and conditions of the Map Update Distribution Program.

Further information on Legal, Privacy, Security, Terms and Conditions for Here Maps can be found here.

As there is now a financial implication attached to your HERE Maps doc website login, you will be prompted to update your dealer login details and password with HERE Maps directly, to ensure security. For dealers that do not have a login or have forgotten their details, we recommend you apply contact Here directly via the details in the attached sheet, or select the “Apply for access” link on the Log in page linked above.

For consistency, the MMAL SRP for the update will be $169 AUD to the customer. This allows the dealer to recover the labour cost of performing the update process.

As before, two update “Master” SD cards will be provided to each dealer, free of charge, for each yearly update program until the cessation of the “Mapcare” program. Any further requirements beyond the end of the program will be negotiated and advised at a later date.

Please refer to General Letter GL-17-008 for further details on the Map update process.

Thank you for your understanding in this matter.

Yours sincerely,
Mitsubishi Motors Australia Limited

Yasuhiro Oda
Deputy Director Aftersales, Aftersales
