***28 July 2017***

***General Letter GL–17-034***

***To:*** ***Service Managers (cc Dealer Principals)***

***Subject*** **Vital Software (MVP) and Dealer Service Department Requirements**

Vital Software (MVP) currently provides Dealers with a data integration link between your DMS and MMAL. The purpose of this link is required for various MMAL programs such as CSI Survey and Service Retention measurements.

The accuracy of the data submitted to Vital Software is dependent upon many factors which are outside of MMAL's direct control. In an effort to improve Data accuracy and identify data transmission errors, MMAL require the following items to be undertaken by all Dealers:

**Dealer Requirement:**

- Dealers are to monitor their Service Data transmission feed to Vital Software (MVP) for accuracy. This includes RO count, labour sales and GP%. All Data inaccuracies between your DMS and Vital Software should be raised with Vital Software or your Field Technical Specialist.
- Dealers are to manually report their Service RO count for Retail, Warranty and Internal to MMAL via the Survey Monkey RO count link. RO count data must be submitted between the 1st and 5th calendar day of every month.

**Survey Monkey Link:**
https://www.surveymonkey.com/r/TP5LHJ3

***Note:*** *Smart Phone or Tablet users can scan the QR Code on the left, to log in and enter the data.*

**Note:** Dealers that fail to submit monthly RO Data as per above will not meet the mandatory requirement to participate in the 20% Warranty Labour Rate Incentive Program as indicated in General Letter GL-17-030.

MMAL State Office Technical Field Specialists will also contact Dealer Service Managers that have not submitted RO data by the 5th calendar day of every month.

An email reminder will be sent to all Service Managers at the end of every month.

Thankyou for your assistance and cooperation with this request.

Yours sincerely

MITSUBISHI MOTORS AUSTRALIA LIMITED

Yasuhiro Oda
Deputy Director Aftersales
