27 July 2017

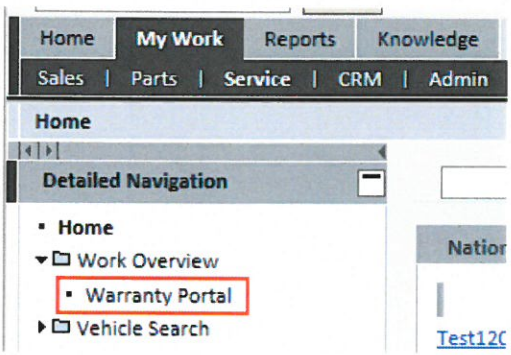

General Letter GL–17-035

To: ***Service Managers and Warranty Administrators (cc Dealer Principals)***

Subject **New Warranty Portal (7th of August) – Prepare Now**

The new Warranty Portal is scheduled to be available for Dealer access on Monday, 7th of August.

On this date, the link to the new Warranty Portal will appear in the existing portal under the menu: My Work / Service and then in the navigation item Work Overview, as shown below.

To support this transition, dealerships need to plan for this change.

On Tuesday, 1st August, the existing Warranty Claim creation and SCA/Goodwill Request links on the existing MMAL Portal will be removed. Any claims for repairs from the Tuesday will need to be saved up and entered into the new Warranty Portal once available. Where an SCA is required for repairs in this period, please email your regional approver with details of the repair and the costings. Costings will need to be calculated manually in these instances.

The other links will remain to enable dealers to complete outstanding claims and authorities.

Please ensure all information required for existing Authorisations is updated to enable each Authority to be completed by the Region and the related claims processed.

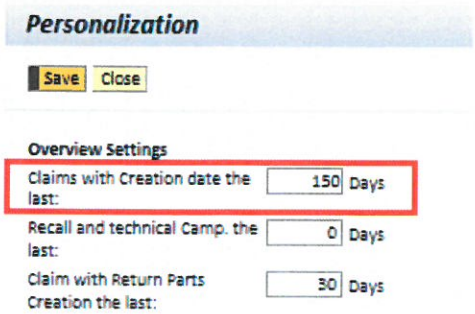

Dealers should action any claims in Return for Correction status (RFC) and ensure these are corrected and Reprocessed (set status to **ZRPR**). This needs to be done by close of business Thursday, 3rd of August.

Please note:

1: The information contained in this document is CONFIDENTIAL and intended for Mitsubishi Dealer use only. It must not be provided to third parties. 2: This General Letter forms part of the Service Procedure Manual

Resetting your personalisation parameters to the last 150 days is strongly recommended to identify any claims you may have missed previously – see screenshot below on how do this.

NOTE: Any claims or authorities that are not finalised at the close of business on Friday, 4th of August, will be Cancelled (ZCNL). Claims or Authorities cancelled as a result, will need to be RE-SUBMITTED in the new Warranty Portal system. There will be no exceptions to this rule as further processing will be impossible once we have switched to the new system.

You are urged to complete processing on as many claims and authorities as possible to prevent delays and additional work post system changeover. It is the dealers responsibly to action claims in RFC status and advise Warranty Admin where an Authority is issued against an existing claim.

If you are unsure why a claim is in RFC or what action is required, please email Warranty Admin at warrantyadmin@mmal.com.au. If a claim has been returned by MMAL staff, check the notes in the MMAL section of your claim.

Yours sincerely

MITSUBISHI MOTORS AUSTRALIA LIMITED
