MMAL-21260 Appendix A
MI-DISPLAY PROGRAM MANUAL

1. Mi-DISPLAY Functionality

PP-PIB-MR-2022-001-A Product Information Bulletin introduces the features available on the new infotainment system.

For full detail on the functionality of this new product, please refer to the Mi-DISPLAY user manual. Customer User Manuals (part number AU901614) is installed in the vehicle at port of entry. A soft copy of the user instructions are attached for reference (AU901614 Mi-Display User Manual).

Further information on the unit & compatibility can be found via the following link:
https://www.directed.com.au/midisplayhelp

2. Warranty Information

The warranty conditions for the Mi-Display unit falls in line with MMAL's Standard Manufacturer's Warranty and Extended New Car Warranty provisions and conditions for equipment supplied with the vehicle from POE (Port of Entry).
Note: the 3-in-1 cable has a limited life warranty of 12 months/20,000kms.

The Mi-Display Warranty is partly covered by the supplier, DIRECTED Electronics Australia Ltd. Please refer to their Warranty Statement below:
"This accessory is a Supplier Branded Accessory and is not manufactured or warranted by Mitsubishi Motors. The manufacturer of the accessory provides the warranty. The information provided relating to the accessory is based on information provided by the accessory manufacturer."

All warranty "equipment" claims are to go direct through DIRECTED Electronics, please follow DIRECTED electronics warranty procedure as follows:
Creation of claims to DIRECTED Electronics Australia are initiated through their "FRESHDESK" portal.
This service is accessed by following the link provided below. Creation, management & tracking of claims are all managed through "FRESHDESK".
As part of the launch of this service, DIRECTED Electronics has provided a user guide to help each dealership through the process (refer attachment – "How to raise a ticket").
It is recommended that Dealers only create a single "FRESHDESK" account per Dealership Service Department, should multiple accounts be created visibility on tickets will be lost.

The "FRESHDESK" portal is accessed through the following link (user must sign up):
https://midisplay.directed.support/support/login

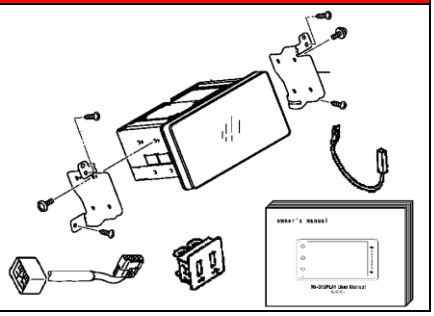

Once a ticket has been raised, DIRECTED will initiate shipping (where required) of a replacement unit to the dealership. This is to ensure we get Customers back on the road as quickly as possible. The return process for any faulty Mi-DISPLAY unit back to DIRECTED is detailed within this warranty flow (refer warranty claim flow). **Any units not returned within 30 days will be invoiced to the Dealer**.

For warranty labour time reimbursement, Dealers need to submit a standard MMAL warranty claim via MMAL Dealer Portal as per audio exchange process using labour operation "**54501310**" and nominating cause part "**XAUDIO**". Extraordinary diagnosis time must have prior approval through the SCA process as normal.
