Friday, 13th January 2023

Attention: Service Managers, Warranty personnel and Forepersons.
Subject: MMAL – 22267 Lubricant and Fluid Allowances.

Dear Valued Business Partners,

The purpose of this letter is to advise of revised pricing for the sundry list used in warranty claim preparation.

Effective with repairs conducted on and after Monday the 16th of January 2023, allowances as per the "Lubricant and Fluid Allowance Guide – REV A" are applicable for lubricants, air conditioning refrigerant and miscellaneous items used when performing a warranty repair – replaces previous document MMAL-21161 and MMAL-22215.

For applications for which Mitsubishi Genuine oils and fluids are available (i.e. the product is marketed by MMAL and has a MMAL part number), Franchisees are required to use only those products when performing warranty repairs on a Mitsubishi vehicle.*

For applications where Mitsubishi Genuine oils and fluids are not available, MMAL will determine the allowance based on current market cost. **

Allowances are tax exclusive and, where applicable, are based on Genuine oil and fluid prices.
Note: The SUNDRY PART NUMBER is the actual wording to be entered in the parts section on the claim.

*Service Procedure Manual section 18.8 - Lubricants and Fluids.
** Service Procedure Manual section 19.2.5 - Lubricants, coolant and fluids.

Yours sincerely
Mitsubishi Motors Australia Limited

Jeff Martin
General Manager – Customer, Technical and Warranty
