Subject: MMAL-23039 MI-DealerAssist Launch

Dear Valued Business Partners,

As MMAL continues to transform toward the delivery of more premium customer and dealer experiences, we are excited to announce the launch of our all new, MI-DealerAssist enquiry and knowledge management portal.

MI-DealerAssist provides your staff with an easier, single point to quickly search for information shared by MMAL (bulletins, programs and other reference material) and also raise, track and manage enquiries to MMAL Head Office.

Key benefits

- Faster, easier access to information and faster resolution times to enquiries.
- Reduced need for you to maintain long lists of MMAL email contact points as enquiries are raised by topic and subtopic, then automatically distributed to the right person in MMAL to respond
- Knowledge articles like bulletins can be found easily by key word searches or topic lists and has improved search ability from the current SAP Dealer Portal.
- Your staff will have visibility of all their enquiries and can filter by topic, staff member etc. Your MMAL region representatives will also be able to view your enquiries if their assistance is required.

You are asked to refer all enquiries to MMAL Head Office via the new Mi-DealerAssist portal with **exception of Customer relations group enquiries and Regional Field representative support (Area Sales Manager / Parts Service Development Manager)** which will continue to be resolved via the existing channels.

Important information: Please review the important information provided over the page.

Should you have any questions about this exciting new initiative you can also reach us via email address at MIDealerAssist@mmal.com.au.

Best regards,

Tim Hore
Director
Sales
