Warranty Audit Bulletin

WAB 2014 001 Subject: Audit Presentations

✓Dealer Principal ✓Service Manager ✓Warranty Clerk

Over the last few months the audit team have been trialling a Power Point presentation for the audit wrap-up as part of the exit meeting.

This format has allowed multiple attendees from within the Dealership as well as MMAL staff to view the audit findings in a compact and timely manner.

The feedback received from Dealer Principals and Service Managers has been very positive and encouraging.

We will therefore now make this a permanent feature of the audit process.

Whilst most Dealers have presentation facilities (board room, data projector, smart TV etc.), we have also experienced Dealers with no facilities. This can make the process very difficult.

MMAL would appreciate where your dealership has no presentation equipment or facility that you advise the undersigned when you have been sent an audit notification, so that alternate presentation arrangements can be made.

Thankyou in advance for your understanding and co-operation.

Regards,

Chris Read MIAME
