Warranty Audit Bulletin

WAB 2013 004 Subject: Arrival Damage

✓Dealer Principal ✓Service Manager ✓Warranty Clerk

Recent audits have revealed that a number of arrival damage claims are being submitted without
adequate evidence or the correct authorisations:

Please refer to the following sections of the Service Procedure Manual (SPM):

8.3. VEHICLE SURVEY NOTATION
Vehicle delivery reports can be viewed on the carrier's web site by entering the VIN.
A hardcopy of the report should be printed and held in the vehicle history file

This means that:
A copy of the carrier's website printout (showing corresponding damage) should be attached to the Repair Order

17.1. ITEMS REQUIRING A SERVICE CLAIM AUTHORISATION (SCA)

1. Unrecorded arrival damage.
2. Recorded arrival damage over $500.

This means that:

All arrival damage claims where the damage is not recorded by Patricks requires an SCA.
Even when the damage is recorded by Patricks but the damage is over $500 an SCA is required.

Failure to comply with this policy will result in the claim value being reversed and the dealer debited accordingly, this will occur from either an official visit from an auditor or a desktop audit of the claims.

Regards,

National Manager
