Warranty Audit Bulletin

WAB 2014 003 Subject: 2015 Warranty Audits

✓Dealer Principal ✓Service Manager ✓Warranty Clerk

This bulletin is an advanced notification to all Dealers with regard to warranty audits in 2015.

With the large volume of campaigns recently released by MMAL and the number of vehicles impacted by the campaigns, MMAL's warranty audit team will be putting an emphasis on auditing campaign claims in 2015.

This will be effective for audits that take place from January 2015.

This bulletin should be used as a reminder to all Dealers of the importance of following campaign instructions published by MMAL and ensuring that the correct procedure is followed when completing a campaign on affected vehicles. Supplied diagnostic sheets must be fully completed and attached to the Repair Order.

Failure to adhere to the campaign requirements may result in claims being reversed at audit if the correct procedures are not followed.

Regards,

Ian Matthews
