Warranty Information Bulletin WIB 2002-04

Re: Warranty Contact, Battery Claims, Email, Supporting Documentation and Dealer Fit Air Conditioning.

ATT: SERVICE MANAGER/WARRANTY CLERK

To contact Warranty Payments:

Telephone Warranty Hot Line: (08) 8275 6709

Fax: (08) 8275 7745

eMail: mmal_warranty_admin@mmal.com.au

WARRANTY CONTACT

Please note the contact numbers above. We are receiving complaints that faxes are not received only to discover that they have been sent to the old fax number. We suggest were possible to use e-mail as a preferred method of contact or the Warranty Hot Line if you need to discuss a problem with one of our clerks.

BATTERY CLAIMS

WE are receiving a high percentage of battery failure claims that do not include the warranty codes in the comment's area as detailed in General Letter W40. Claims without this information will be placed in RFC status. Dealers who did not purchase Mitsubishi Battery Testers should also include the Brand and Type of Battery Tester used and all relevant before and after re-charge test data to support the claim.

It should be noted that to add comments in after the claim has been received by MMAL would require the claim to be resubmitted with the additional information under the same claim number.

EMAIL

MMAL Warranty payments are currently examining a number of our business practices. One practice currently being reviewed is the posting of reports after the payment run each fortnight. This posting could include Status Report, Parts Disposition List, Transmittal Advice, Warranty Information Bulletin. It is proposed that these reports could be emailed direct to the dealerships.

To enable us to continue this investigation, I will be sending a test e-mail to all Dealer Service Departments shortly to the e-mail address that your Dealership has provided to MMAL.

SUPPORTING DOCUMENTATION

In this weeks post-out many Dealers will have received a request for supporting documentation. This will become a regular feature, as we are required in many instances to provide this information to MMC to support the claims we send to them. Your prompt response to these requests would be appreciated.

DEALER FIT AIR CONDITIONING

Claims need to include the A/C Serial Number in the comment's area of the claim. Failure to provide this information can result in a status of RFC or DISAP. As with Battery claims to rectify this problem will require the claim to be resubmitted with the same claim number.
