WARRANTY PAYMENTS HAVE MOVED

The Mitsubishi Sales and Marketing group have relocated to new offices in Bedford Park, SA to allow room for the Product Engineering Group expansion needed for the development of new models.
As part of this move Warranty Payments have new contact details as shown above.
Please ensure you change these numbers in any Fast Dial systems you may use. Particularly, fax machines as we occasionally still receive faxes at the number that warranty were using 2 years ago. Faxes sent to this number may no longer be forwarded to Warranty.

Parts return is not affected by this move. Therefore, parts dispositions will continue to be returned to Store 17 at Clovelly Park.

NEW TELEPHONE SYSTEM

By now many of you will have noticed that a Voice Mail system has been installed on the Warranty Hotline. This is part of the new phone system that was installed to replace the aging PABX that was used by Mitsubishi for many years. Unfortunately, some of the functionality that existed on the old system is not available with the replacement system. In particular, the ability to have two clerks answering the Warranty Hotline is currently not available. Therefore, you may find during busy times that the Warranty Hotline will redirect to the Voice Mail system. When you encounter this system please leave a message with your Name, Dealership and a return Phone Number and we will return your call within one working day.
