e-mail: mmal_warranty_admin@mmal.com.au
Address: Level 2A, Mark Oliphant Building
Laffer Drive, Bedford Park
South Australia 5042

PAYMENT RUN SCHEDULE CHANGE

As some of you may be aware MMAL are changing many of their computer systems over to SAP. The first stage of this will see changes to the finance system. These changes are planned for the weekend of 4, 5 & 6 of October. As such the Warranty Payment run scheduled for the 7th of October will be shifted to 30th September (the week before) and the payment run scheduled for 23 September will be cancelled.

COMMUNICATION WITH WARRANTY PAYMENTS ADMINISTRATION

We are receiving an increasing number of communications from dealers addressed to individuals within the Warranty Payment Administration section. Dealers are requested not to following this practice unless a specific request is made. All communications should be addressed to the Section via the contact information above.

HOTLINE FIX YR52-022

Please note that the original release contained an incorrect Position Code. The correct code is 521550. For more details of this Hotline Fix please refer to the Dealer Extranet.

TRANSMITTAL NOTES

Some Dealers would be aware that we are no longer issuing Transmittal Notes. The Transmittal Note is no longer required as the destination is already marked on the "Toll" Consignment Note. The "Con Note" should be securely attached to the outside of the package with the address detail clearly visible. Parts included in each parcel should be clearly "Tagged" with the sticky labels provided by warranty with each payment run. This enables the storeman to record the parts that are returned.
