WARRANTY INFORMATION BULLETIN

WIB 2003-06 9/12/2003

ATT: SERVICE MANAGER/WARRANTY ADMINISTRATORS

The following information was first published on WIB 1999-011, however from the number of claims that are being identified by the Auditing team that do not comply we are repeating this information.

1. No Customer Complaint

It is apparent that on occasions faults may be found in a vehicle without a customer complaint having been made.
For repairs from 15 Nov 1999, where a vehicle has a warrantable repair, which has not yet come to the owner's notice, but which will **clearly** result in a customer complaint, it is now accepted as reasonable for the repair to be undertaken. In such cases, a Customer Complaint Code "NC" is to be used.
Any claims lodged without signed customer complaint on the RO **must** now use this code. Failure to do so will result in a reversal of the claim without appeal.

2. Customer Signature

Should it not be possible to obtain customer signature after completion of **any** warranty work, it is **required** that the Dealership Service Manager **sign and notate** the RO accordingly.

Technician Comments On Repair Orders

Please note that it is imperative that technicians note on the repair order **ALL** work conducted on the vehicle. This is particularly important with "Recall" or "Service Campaign" work. Dealers should be aware that due to the safety issues involved in this type of repair a complete audit trail of work performed must be evident. This includes the technician's notes. Failure to comply may result in embarrassing legal action in the event of a future failure. Dealers should also ensure that adequate procedures are in place to ensure that work performed on a vehicle can be later verified.

New Member in the Warranty Team

I would like to take this opportunity to introduce to you all **Adam Hancock**, a new member to the warranty team. Adam joins us with extensive experience in the field of Banking and Finance as well as having spent a number of years working at the MMAL Lonsdale plant. Adam will assist Eric and Anthony with claim processing and Dealer enquires as well as processing financial reports. Please make Adam welcome and assist him with your patience as he becomes familiar with his new role.

To contact Warranty Payments Administration:
Telephone Warranty Hot Line: (08) 8275 2367
Fax: (08) 8275 2496
e-mail: mmal_warranty_admin@mmal.com.au
Address: Level 2A, Mark Oliphant Building
Laffer Drive, Bedford Park
South Australia 5042

Problems with Our New Phone System
Following a number of dealer complaints, the Warranty Department has reviewed the phones systems being used for the **Warranty Hot Line.** As a result we have returned to the level of service that we had prior to the introduction of the new phone system in June this year. This means that Dealers will no longer be asked to leave a message when phones are not answered.

Until our new member is fully trained the phones will be answered during the following times: 8.30 am to 12.30 pm and 1.00 pm to 4.30pm CST.

Contact numbers for Warranty Department are listed below in the footer of this document.

Warranty Department Closure Over Christmas
Please note that the Warranty Department will be closed from midday 24/12/03 and reopened again on 3/01/04. The Department will be short staffed from 18/12/03 until 12/01/04. During this period some delays may be experienced in contacting Warranty Staff on the Warranty Hotline. Can I suggest that unless the matter is urgent an email would be a better method of communication. Emails will be responded to within 2 working days during this period.

Warranty Payment Run Dates for 2004

January	13, 27	February	10, 24
March	9, 23	April	6, 20
May	4, 18	June	1, 15, 29
July	13, 27	August	10, 24
September	7, 21	October	5, 19
November	2, 16, 30	December	14
