Cancelling Unwanted Warranty claims

On occasions it is necessary for dealers to cancel a warranty claim. If dealers require a warranty claim to be cancelled, then dealers must contact the MMAL Warranty department by either phone or email to have the claim cancelled.

Warranty claims can not be cancelled by dealers. If a dealer's warranty claim has been submitted on to the warranty system in error, the claim will remain on the warranty system permanently. **Warranty claims can not be deleted from the warranty system.** The unwanted warranty claim will need to have the claim status changed to 'CANCEL' by MMAL warranty staff.

The data on unwanted warranty claims must not be deleted. If VIN numbers, repair dates, odometers etc are removed (blanked out), this may cause systems errors in the warranty system which in turn will cause delays in the processing of all warranty claims.
