Account Number for Part Returns via TNT

Due to internal changes within the TNT group, it has become necessary for the MMAL account number for part returns to be changed. For part returns directed by the fortnightly disposition list issued by Warranty and adhoc requests for part returns from Warranty and Technical Support, dealers need to contact TNT Express to arrange the return of parts. When making a TNT Express booking for part returns, the new account number to use is **21628821**.

The pre-printed con-notes supplied by warranty each fortnight accompanying the disposition list still has the old account number printed on them. These con-notes can still be used until all old stock has been exhausted. The TNT system will acknowledge the old account number and automatically transfer the billing to the new account number. Do not cross out the old account number and rewrite the new account number on the con-note.

Arrangements to return parts:
When making arrangements to return parts to MMAL, if dealers are using the pre-printed con-notes with the old account number printed on them, then dealers must quote the new account number and the new account name **CEVA**, when making the booking.

1. Ring TNT on 13 11 50
2. Quote the new account name – Ceva and the new account number - 21628821
3. Fill in the required sections of the con-note
4. Return parts with con-note

If dealers are requested by Technical Support or Warranty to return parts direct to MMAL at store 10, then a blank con-note **must** be used. In this instance dealers are requested to write the new account number 21628821 on the con-note and make the booking as above.
