Re-print of previous Warranty Bulletin WIB-1999-011 issued to Dealers on 24/11/1999

Swappart

On occasions, it becomes necessary for the regional staff to authorise the removal of parts from one vehicle for fitment to another.

In these instances, two claims must be raised, one for each vehicle, and the claims must be cross referenced in the remarks field by the other vehicle VIN. Both claims must be authorised.

The first claim is to be for the vehicle being rectified and is required to include all of the parts and labour to complete the repair. This must include the parts from the “donor” vehicle claimed as new parts.

The second claim will cover the “donor” vehicle. This claim will cover the R&R labour for the “donor” part(s) plus any gaskets or lubricants required to restore the vehicle.

The cause part in the parts list section of the second claim must be SWAPPART, and the remarks field must contain the VIN of the other vehicle repaired with the “donor” part(s).
