ATT: SERVICE MANAGER/WARRANTY ADMINISTRATORS

Warranty Information System Disk – February 2008 issue

This warranty bulletin is to advise Dealers about the issue of the Warranty Information System (WIS) disk for February 2008 (version 1.0.68) and the changes made to this version.

In this issue of the WIS, the following models have been updated with new times:
ML Triton
NS Pajero
ZG Outlander
CJ Lancer

This version of the WIS disk has been mailed to Dealers and should be received by Monday 3rd March 2008 for most dealers and Tuesday 4th March 2008 for some country dealers.

MMAL warranty request dealers to ensure that all warranty repairs conducted prior to 1st March 2008 for the above models are entered in to the warranty system before updating their WIS with the new version. Repairs conducted after 1st March 2008 will need to be submitted using the February issue of the WIS disk.

MMAL will be reviewing all remaining models over the coming months. As changes are made, MMAL warranty will advise dealers via future WIBs.
