July 2008 WIS Disk Issue

This Warranty Bulletin is to advise that the July 2008 WIS disk has been mailed to dealers.

Unfortunately in this issue of the WIS disk, there was an error made that was not detected until after the disks had been mailed. The DB 380 Sedan icon was replaced in error with the CJ Lancer Evo X icon but the name below the vehicle has not changed.

The times for DB 380 Sedan have not been affected, so when looking for LOTS times for this vehicle, ensure that you read the label below the icon. Please note that 2 icons to the left of this error are the actual CJ Lancer Evo X LOTS times.

This error will be corrected with the August issue of the WIS disk and MMAL Warranty apologises for any inconvenience that this has caused.
