# WARRANTY INFORMATION BULLETIN

WIB 2009-11 25/11/2009

**This Bulletin forms part of the Warranty Procedure Manual.**

## ATT: SERVICE MANAGER/WARRANTY ADMINISTRATORS

## WIS – Version 11/2009 Release

Dealers should have received or will be receiving in the next few days a new WIS disk, version 11/2009. This is the November 2009 disk. A change has been made to this version of the WIS disk with the addition of the new PB Challenger model.

Labour operation times have been loaded for this model, but as can be seen from the opening screen shot, there is no picture of the PB Challenger. At the time of producing this version of the disk there was an embargo on releasing pictures of the vehicle. When the embargo has been lifted, a picture of the PB Challenger will be added to the opening screen. In the mean time, if a labour time is required for the PB Challenger, then dealers should click on the 'Mitsubishi Motors' logo and proceed in the usual manner from there.

The other change that has been made to this version of the WIS disk is the addition a new claim type. The new claim type is 'M'. This new claim type will be required at a future date and the details of what it is to be used for and how it is to be used will be published in due course.

If the claim type 'M' is used prior to MMAL advising of its availability, then the claim will be put in to an error status and the claim will be delayed for processing. At this time, please do not use the claim type 'M'.
