This Bulletin forms part of the Warranty Procedure Manual.

ATT: SERVICE MANAGER/WARRANTY ADMINISTRATORS

Late Submission Warranty Claims

In conjunction with the MMAL Service Procedure manual, any warranty claim that has been judged as disapproved as a result of late submission (ie the time between date of repair (repair date) and claim submission date is greater than 14 days) and the dealer requires the claim to be put in to RFC status to change the repair date, will require the following:

- A request must be put in writing and sent by email to the MMAL Warranty Administration email address (warrantyadmin@mmal.com.au) with an explanation as to why the repair date needs to be changed, and
- A readable scanned copy of the **original** repair order showing the repair date and clock times must be attached to the email request. (A faxed copy will be acceptable for those dealers that do not have a scanner if prior arrangements have been made).

Only if the above conditions have been met will the claim be put in to RFC status for correction by the dealer.

Failure to adhere to the above requirements may result in a claim not being paid, or reversed at a later date. The claim must also meet audit requirements and could be reversed at audit if this procedure is not followed.
