WIS Disk Release – December 2010

This Warranty Bulletin is to advise dealers of the changes that have been made to the December 2010 WIS release (CD Release 12/2010) due to be distributed in late December 2010.

The December 2010 WIS release will have a number of enhancements designed to assist dealers with the submission of their claims. There are also a number of enhancements that are not quite complete, but are expected to be completed early in the New Year. These enhancements may be seen in the December 2010 version but will not be accessible.

Please see the instructions attached to this bulletin in the Warranty Information System User Guide (interim version) which will explain how to use these enhancements.
