# WARRANTY INFORMATION BULLETIN

WIB 2011-10 20/12/2011

**This Bulletin forms part of the Warranty Procedure Manual.**

## ATT: SERVICE MANAGER/WARRANTY ADMINISTRATORS

## Service and Recall Campaigns in WIS

This Warranty Bulletin is to advise dealers of what to do when a new service campaign or recall campaign is published, but WIS does not yet have the campaign details loaded.

From time to time, MMAL's Service department publish service campaigns and recall campaigns but WIS does not have the campaign details loaded. Usually there is a time lag between the production of the latest version of the WIS disk and the publication of the campaign. When submitting a claim for a new campaign that is not loaded in WIS, the validation status of the claim may highlight as NOT VALID. If this is the case, Dealers should contact MMAL Warranty to obtain the applicable authority code. The authority code will allow submission of the claim to the MMAL Warranty system for judgement.

The claim must meet audit requirements and could be reversed at audit if the published procedure is not followed.
