Warranty Appeals

With the Warranty systems now working satisfactorily and the vast majority of claims (over 95%) being paid within the month. MMAL Warranty is now endeavouring to clean up past errors that may not have been actioned in a timely manner.

As part of our new system "growing pains" numbers of claims were paid incorrectly (either too little or too much). This has generated a large number of appeals from dealers (not many for over paid claims, of course).

Because we have been concentrating on fixing our systems so that we do not generate more and more appeals there is now a backlog of appeals to be processed

These are being processed but it has been slow.

MMAL asks for patience as we work through these appeals and will soon issue a register of appeals still to be processed and their status, so dealers can be assured that their appeal is on a list to be actioned.

You are reminded of the rules for appealing warranty claims:

WSC Appeal Procedure

This Procedure is not to be confused with the Warranty Audit Appeal Procedure.

The following applies to previously APPROVED WSCs and / or DISAPPROVED WSCs. The purpose of the appeal is to correct incorrect processing rules or data in the MMAL Warranty System.

- An appeal can only be made on a WSC that has its final status as DISAP. The Dealer can appeal claims that have not been paid due to incorrect processing at MMAL. To make an appeal the Form as described in **Error! Reference source not found. Error! Reference source not found.** must be used. Disapproved WSCs that have not been processed through a claim pay-run may be requested to be placed in 'In Process' status for correction by the Dealer and do not require an appeal form.
- A previously paid WSC can be appealed to correct a discrepancy with a current WSC that has been returned for correction (RFC), due to an incorrect entry on the previous WSC. Only when the conflict is caused by a previous input error of **VIN**, **sold date, repair date, or odometer**, can an appeal be made.

On the Appeal Form the reason for the appeal must be mentioned and the appeal form must be received by MMAL within 4 weeks after the Recipient Created Tax Invoice or WSC Judgement decision has been conveyed. Appeal Forms must be emailed to Warranty Administration (mmal_warranty_admin@mmal.com.au) with the subject: 'WSC Appeal' followed by the Dealer Code and SAP claim number,

eg. WSC Appeal – S000 12345.

Settlement

Settlement of approved WSCs will be actioned as follows:

- Settlement shall be effected by notifying the Dealer via Recipient Created Tax Invoice.
- Reimbursement will occur in conjunction with other Dealer reimbursements twice a month, on the 3rd and 13th (MMAL) working day of each month, from MMAL Finance dept.
