Warranty Part Pricing Screen – Blank "Partner" Field

A few individuals within certain dealerships have experienced an issue whereby they are unable to view part pricing of parts in the Warranty Part Pricing screen located on the Dealer Portal. This is because the Partner field on the Warranty Part Pricing screen is blank instead of showing the dealer's dealer code.

MMAL's SAP team have now identified a fix for this issue. If any other individuals are currently experiencing this issue or experience the issue in the future, the following steps should be followed which should resolve the issue.

1. Go to the personalization setting using the below path and save the settings again.
   My Work --> Service --> Work Overview --> Personalization
   Log out and login again and check the Warranty Parts Pricing Screen.

   If this is unsuccessful, try step 2 below.

2. Using the path: My Work --> Service --> Work Overview --> Work Overview
   select the "Refresh All" option.

If step 2 is unsuccessful, then the MMAL Help Desk should be contacted on (08) 8275 7081. Dealers should have their individual user name and password ready as this may be required by Help Desk staff.
