Request for Reimbursement of Difference in Part Price

From time to time MMAL will put through a part price change where the prices of some parts are changed. When this occurs, some part prices are increased and some part prices are decreased.

Where part prices have been decreased and dealers are reimbursed for a part through a warranty claim and the amount claimed is less than the amount paid for the part, the following procedure must be followed to request compensation for the difference between the amount paid and the amount received for the part.

Dealer's must complete the form attached to this document and email the form to MMAL Warranty department (warrantyadmin@mmal.com.au) where it will be assessed. The form can also be accessed from the portal through the file path: Knowledge > Service (Data) > Warranty and the form is named Request for Reimbursement. A separate form must be completed for each part where reimbursement is requested. On completion of the request being assessed, the request will either be approved or denied.

If the request is approved a unique authorisation number will be issued. The dealer will then send MMAL an invoice for the agreed amount of reimbursement including the unique authorisation number on the invoice.

The invoice should be addressed as follows:
