Revised 10/12/2013

This Bulletin forms part of the Warranty Procedure Manual.
ATT: SERVICE MANAGERS/WARRANTY ADMINISTRATORS

CPS Claim Submission

We are experiencing some issues with CPS claim submission where the repair order includes a recall or there are outstanding recalls on the vehicle.
We are requesting that CPS be claimed through the SAP Portal.

The Service Adviser should be double checking the vehicle details on arrival at dealership for a CPS servicing for any outstanding recalls

If there is a recall included on the Repair Order, then the Recall should be the first entry made via the SAP Portal followed by remaining items on the Repair Order.
Job number/Sequence Number MUST match the Repair order however claims do not need to be submitted in job number order.
(Our request is that any recall claims be submitted first, regardless of the sequence number)

We are introducing some additional manual processing from MMAL's end to alleviate the time delay on CPS and other claims being processed as a result of the recall issues.

All dealers should now be using the Portal Claim Submission system.

Please do not leave it to the 31/12/2013 to make the change to the Portal Claim Submission system as there will be no one on the warranty assistance line to take your calls or to answer your e-mails seeking help during the Christmas / New Year period.

PLEASE NOTE:- WIS will expire on the 31/12/2013
