MITSUBISHI MOTORS

WARRANTY INFORMATION BULLETIN

WIB-2014-11 20/08/2014

This Bulletin forms part of the Warranty Procedure Manual.

ATT: SERVICE MANAGERS/WARRANTY ADMINISTRATORS

Lamp Switch and PCB Campaigns: 010075, 010076 & 010077

Parts Supply

As advised at the recent Service Managers meetings held in all states, parts for Campaigns 010075 and 010076 will be automatically sent to Dealers. The successful replenishment of these parts is dependent on the timely submission of campaign claims. To avoid running low on parts, Dealers are requested to submit claims as soon as possible after the completion of the campaign work.

Parts Retention/Disposal

An update has been made to the campaign advice. Dealers are no longer required to hold parts that have been removed for these campaigns.
Parts must be destroyed to prevent reuse.

Campaign Claim Templates

To further assist Dealers in the creation of campaign claims MMAL Warranty are pleased to provide claim templates for the above campaigns.
These templates are located on the Portal in a compressed file called

"Campaign Templates.zip".

This file can be downloaded from:

Knowledge >Service (Data) >Warranty Applications >Claim Templates.

The file should be copied to your computer and extracted and saved to a location of your choice.
Once extracted a number of folders will be created with .xml files (templates) for each claim variation.

NOTE: The file structure is shown below at the end of this bulletin.

The templates can be used by following the instructions included in a pdf document called
"Using Campaign Claim Templates.pdf"
found in the same location.
