Service Vehicle Search

The purpose of this bulletin is to remind dealers of the new **Service Vehicle Search** and to advise that the existing Vehicle Search will soon be removed from the Service home page.

The **Service Vehicle Search** is used to display the service related information on a vehicle such as:
Overview, Configuration, Additional Data, History, Attachments, Capped Price Service, Pre paid Service, Warranty Information, Service History, Accessory Fitment, Campaigns as well as Customer information for a Mitsubishi vehicle.
Additionally a vehicle summary sheet can be printed by clicking on the print button in any of the tabs.

The new option currently sits below the existing **Vehicle Search function**. Please use the new **Service Vehicle Search** in your dealership.

Please note the existing Vehicle Search function remains but will be removed shortly.
