Recall Campaign 010122 ~ 010125 Templates

The recently published recall campaigns 010122 to 010125 cover 3 vehicle models and 8 different claim possibilities. To assist Dealers in minimising errors when processing warranty claims for these recall campaigns, MMAL have created 8 claim variation templates with the appropriate codes and comments.

These templates have been loaded on to the SAP portal with the file path being:

Knowledge > Service (Data) > Warranty Applications > Claim Templates > Campaign Templates 2017 > Recall 010122 ~ 010125

Click on each file separately to open, then save the file to a folder on your computer.
* Please note that the campaign 010123 for Pajero Sport has not been made active as yet due to a delay with part supply. The two templates for campaign 010123 can still be saved but can't be used until the campaign has been activated.

To use the template, open a new warranty claim, click the Upload Claim function, locate the applicable template for the model/variation by clicking the Browse button and then click the Upload button to upload the file. Then input all of the data for the remaining required fields.

Remember 4 of the 8 variations require photos. Refer to WIB-2016-07 for instructions on how to attach photos to the claim. Once complete, simulate the claim to check your inputs, click the submit button and save and print the claim.
