WIB-2021-01

7th May 2021

Attention: Service Managers, Service & Warranty Personnel

Subject: Retraction of WIB-2020-02

Dear Ladies and Gentlemen,

MMAL Warranty Administration wish to advise effective from 24th May 2021 the extensions given to Dealers in Victoria as outlined in Warranty Bulletin WIB-2020-02 will cease.

Warranty submission period
For all dealers who opted in for the late submission extension, this will revert to the standard 14 days submission period.

Temporary suspension of CPS time and mileage limits
All CPS claims with a repair date on or after 24th May 2021 will not be entitled to any time or distance extension.

All CPS services must be performed within the time and distance limits for each interval. If either the time OR distance limits are exceeded for a Service then the next Service interval must be performed.

No additional extension is applicable to the "last" CPS service; the recorded time and distance upper limit is to be applied.

Yours sincerely,

Fiona Lamond
Warranty Administration Manager
