Subject: 21MY Express Van – Labour Operation Flat Rate Times

Dear Ladies and Gentlemen,

MMAL Warranty Administration would like to provide the attached Labour Operation Flat Rate Times document to assist Dealers with the submission of claims for warranty repairs on 21MY Express Van.

This document will assist Dealers to identify labour operations, additional operations and times applicable for repairs on Express Van and it should be considered as an addendum to the current Operation Code Manual available on the MMAL Portal.

The times recorded for Express Van reflect the labour operation times as loaded in the MMAL warranty system.

The document can also be located on the SAP Dealer Portal at Knowledge\Service(Data)\Manuals and Procedures.

Yours sincerely,

Fiona Lamond
Warranty Administration Manager
