Dealers are reminded of the importance of CPS claim submission.

CPS claims maintain Road Side Assistance, CPS next service due records in SAP and Diamond Advantage Warranty compliance.

When a CPS is performed, Dealers must ensure that a CPS claim is submitted promptly via the MMAL Warranty Portal.

If an issue is encountered during the CPS book-in or claim process that requires MMAL assistance this should be sent promptly to the appropriate MMAL department for review.

Yours sincerely,

Fiona Lamond
Warranty Administration Manager
